Working with Glen has been great. He is helping our small businesses presence on google grow in ways I would have never been able to figure out myself. It is an on going monthly service and we are very happy with the value & expertise we are getting for the price. I would recommend Strive Local to any small (or large) business looking to get more exposure on google with targeted advertising etc. Glen truly cares, he is always quick with communication and will always work together with you so that you're happy with the final result. He isn't happy until you are and that is hard to find these days. Looking forward to grow YXE Exterminators with Strive Local!

I highly recommend Glen to anyone looking for help with their good business profile. Glen is knowledgeable, responsive, and consistently goes above and beyond what I expect. He takes the time to explain things clearly and genuinely cares about helping my business succeed rather than just completing a task and moving on.

As a small business owner, I really appreciate working with people who take pride in what they do, and that is exactly what I got here. The communication is excellent, the pricing is fair, and the value he provides is outstanding.

Unless they search for your business by name, many businesses in your industry will come up in a search on Google Maps.

So they're not comparing 10 companies.

They're choosing from the first 2 or 3 businesses they see on Google.

And they usually pick the one that:

- Looks the most active (**updates, review responses**)
- Feels the most trustworthy (**reviews, photos & videos**)
- Has the clearest information (**service descriptions, optimized category arrangement**)

If that's not your company, you're **losing money** every day.

Perfect for businesses like yours:

- ☒ Welders
- ☒ Excavators
- ☒ Electricians
- ☒ Plumbers
- ☒ Arborists
- ☒ Couriers
- ☒ Fencers
- ☒ Roofers
- ☒ Pest Control

If your business goes to the customer...

I'd love to help more customers find you.
